Good Afternoon,

My name is Deb Montgomery and I have been writing grants professionally for nonprofits, colleges, schools, workforce investment boards and other public agencies for over twenty two years. I currently work with a group of some of the best Department of Labor grant writers in the United States. My team is in the process of actively marketing our grant proposal writing services for the Department of Labor Youthbuild grant program. As you are probably aware, they are awarding up to 80 grants for over $1 million dollars each to organizations that submit the best proposals.

YouthBuild is a community-based alternative education program that provides academic assistance and construction skills training to youth between the ages of 16 and 24 who are high school dropouts, adjudicated youth, youth aging out of foster care, youth with disabilities, and other disadvantaged youth populations. The YouthBuild program simultaneously addresses several core issues facing low-income communities: affordable housing, education, employment, and leadership development.

In the last round of this funding in 2016, Resource Associates was contracted to write three YouthBuild grants for agencies in Washington, Georgia and New Mexico, and **ALL THREE GRANTS WERE AWARDED.**

Please let us know if you would like us to write your proposal or if you just have questions about the funding or about the proposal that you are writing on your own. You can find a link to the RFP here: http://www.grants.gov/web/grants/view-opportunity.html?oppId=292310
